

Dental Specialty Fellowship Examinations – Part 1 Exam Specification

Specialty	Endodontics
------------------	--------------------

The examination will have 180 Single Best Answer (SBA) questions, split equally across two two-hour papers of 90 questions each. On average, candidates will therefore have 1.5 minutes (90 seconds) to read and complete each question.

The questions are spread across the syllabus and will be divided into topics as follows. The question order will be randomised for each candidate. The weighting range indicates the number of potential questions for each topic. For example, a weighting range of 8-12 indicates that you will be asked between 8 and 12 questions on that topic in an examination diet.

	Topic	Weighting range
1.	History Taking and Examination	4 – 8
2.	Clinical Investigation and Imaging	4 – 8
3.	Diagnosis and Development of Treatment Strategies	10 – 15
4.	Health Promotion	5 – 10
5.	Pain Control and Management	5 – 15
6.	Pulp Therapy	10 – 20
7.	Non-surgical Endodontic Treatment	20 – 30
8.	Non-surgical Endodontic Retreatment	20 – 30
9.	Endodontic Surgery	15 – 20
10.	Dental Traumatology	15 – 25
11.	Restoration of the Root-Filled Tooth	15 – 25
12.	Interdisciplinary Interfaces	10 – 20
